

FOOD AND BEVERAGE SALES DURING THE SCHOOL DAY

It is the intent of the school board to support school nutrition through plans set forth in National School Lunch or School Breakfast Programs. The board also supports alternative funding of student activities from sales of foods and beverages under certain conditions.

Funds from foods and water sales during normal school hours may occur, so long as the revenue gained through these sales goes to support student activities/organizations.

Organizations profiting from these sales shall include:

- Athletics, and other extra curricular activities;
- Student participation in visual and performing arts activities;
- Educational fieldtrips;
- Activities designed by the student counsel; and
- The funding of scholarships.
