

November 20, 2020

Dear Parents/Guardians,

In order to continue to provide your child with **Free or Reduced Lunch** prices in the future, please fill out the enclosed application and return it to school as soon as possible. As you are aware, a federal program is currently in place that provides free breakfasts and lunches to all students due to COVID. In case that program suddenly changes, we would like to have a smooth transition into our regular pricing and having the information already available will enable the lunch program to automatically switch your child into the free and reduced lunch plan.

As a public school, federal funds are dependent upon our free and reduced lunch numbers and must be accurately reported. If you would be more convenient to complete your application online, you can go to the following website www.millinocket@millinocketschools.org or directly to the application site at www.millinocket.schoollunchapp.com.

We greatly appreciate your assistance in this matter and look forward to continuing to provide your students with breakfasts and lunches.

Sincerely,

Sharon Darling-School Food Service Manager

Joshua McNaughton-Principal Granite Street School/Grant Coordinator

Beth Peavey-Principal Stearns Junior-Senior High School/Athletic Director

Francis Boynton-Superintendent of Schools/Food Service Director
