

MILLINOCKET SCHOOL BOARD POLICY USE OF PHYSICAL RESTRAINT AND SECLUSION

The Millinocket School Board has adopted this policy and the accompanying procedures to implement the standards for use of physical restraint and seclusion with students, as required by state law and regulations, and to support a safe school environment. Physical restraint and seclusion, as defined by this policy, may only be used as an emergency intervention when the behavior of a student presents an imminent risk of serious physical injury to the student or others, and less intrusive interventions have failed or been deemed inappropriate.

State law and MDOE Rule Chapter 33 do not restrict or limit the protections available to school officials under 20-A MRSA § 4009, but those protections do not relieve school officials from complying with this policy/procedure.

The Superintendent has overall responsibility for implementing this policy and the accompanying procedure but may delegate specific responsibilities as they deem appropriate.

 - c. Protective physical interventions: Brief physical contact with a student in response to potentially harmful student action that serves to deflect, block, or redirect the student's actions or disengage from a student's inappropriate grip, but from which the student could freely move away.
 - d. The use of adaptive devices or mechanical supports to achieve proper body position, balance or alignment to allow greater freedom of movement than would be possible without the use of such devices or supports.
